Bass Burns at Salem

On Halloween, instead of putting on a scary costume, Dusty Bass put on a racers costume and put in some fast laps of MSXC Cross Country Racing.

Britten Crain grabbed the holeshot and lead lap one. Only one second separated Crain and Bass.

The pair battled lap after lap, both fighting for the win in the 65 cc Mini B class.

During the race, both riders lead more than once and it looked like either rider had the chance to come away with the win. Crain tried to make his move before the finish, but Bass shut the door.

At the end of the race and 20 nail biting laps, Crain settled for second place and Bass had emerged victorious with a small 4 second cushion!

Thomas Crank placed third on his Yamaha and KTM mounted Weslee Choate came in fourth.

In the 50 cc 7-8 division Garret Elrod grabbed the holeshot and took command of the race early. Cobra rider Trevor Hayden began gaining ground lap after and lap and on lap seven, the two were neck and neck.

Behind Hayden were KTM riders Dylan Profitt and Jeremy Lenard. Profitt began chipping away at Haydens lead on him and now it was a three way battle for the win.

In the end though, Garrett Elrod put one in the win column, Hayden finished second, Profitt came in third and Lenard in fourth.
